

The image displays a series of 31 numbered steps for constructing a vehicle. The parts list at the top right includes:
231: Green 3-way connector
108: Red 2-way connector
2: Red 4-way connector
15: Blue 2-way connector
4: Black cross-axle
2: Black axle
1: Grey axle
4: Black wheel with 4 holes
2: Black wheel with 6 holes
1: Grey axle
4: Green axle

The construction steps are as follows:
1. Assemble the main body frame using red and green bricks, with a quantity of 2.
2. Attach a red axle to the side of the frame.
3. Add a second red axle to the opposite side.
4. Attach a blue axle to the front of the frame.
5. Attach a black cross-axle to the front blue axle.
6. Attach a black axle to the black cross-axle.
7. Attach a black wheel with 4 holes to the black axle.
8. Attach a black wheel with 6 holes to the black axle.
9. Attach a black axle to the black wheel with 6 holes.
10. Attach a black axle to the black wheel with 4 holes.
11. Attach a red 2-way connector to the front of the frame.
12. Attach a blue 2-way connector to the front of the frame.
13. Attach a red 2-way connector to the front of the frame.
14. Attach a red 4-way connector to the front of the frame.
15. Attach a blue 2-way connector to the front of the frame.
16. Attach a blue 2-way connector to the front of the frame.
17. Attach a red 2-way connector to the front of the frame.
18. Attach a black cross-axle to the front of the frame.
19. Attach a black axle to the black cross-axle.
20. Attach a black wheel with 4 holes to the black axle.
21. Attach a red 2-way connector to the front of the frame.
22. Attach a blue 2-way connector to the front of the frame.
23. Attach a red 2-way connector to the front of the frame (quantity 4).
24. Attach a red 2-way connector to the front of the frame (quantity 13).
25. Attach a red 2-way connector to the front of the frame (quantity 4).
26. Attach a red 2-way connector to the front of the frame (quantity 13).
27. Attach a red 2-way connector to the front of the frame (quantity 4).
28. Attach a red 2-way connector to the front of the frame (quantity 13).
29. Attach a red 2-way connector to the front of the frame (quantity 3).
30. Attach a red 2-way connector to the front of the frame (quantity 6).
31. Attach a red 2-way connector to the front of the frame (quantity 3).
